

COVID-19 VACCINE

WHAT DOES THE SHARIAH SAY???

Allah Ta'ala states: "They plot to extinguish the Noor of Allah with their mouths while Allah intends to complete His Noor even though the kaafiroon abhor it." (Qur'aan)

Nabi Sallallahu Alayhi Wasallam said: "Allah did not create the shifa' (cure) of my Ummah in substances which have been made haraam for them." [Sunan Abu Dawood]

First and foremost, vaccination is not permissible in Islam for several reasons:

- Vaccines contain viruses, bacteria, harmful chemicals, poisons, dangerous substances, etc. They actually cause and spread disease!
- Vaccines contain doubtful ingredients and many unknown toxins.
- Vaccines contain **Haraam** constituents such as pig-gelatine, monkey kidney cells, horse blood, etc.
- Vaccines cause serious health problems. Afterall, what can one expect from filth? Vaccines do not protect against any disease!

Vaccination is the introduction of filth and poison into the human body. No argument in vindication of the harmful method of vaccination will have any validity as long as the protagonists of the satanic 'medication' (i.e. the vaccine witchcraft) fail to rationally respond to the solid medical arguments which the anti-vaccination experts have presented. The findings of medical experts conclusively prove that vaccination is brutality. It injures and causes suffering. It is a myth. It is fraud. It is the effect of the money-crazy pharmaceutical mafia gang. This is what the experts say!

Those who have been misled into believing that immunization is permissible (*Sic!*) – did they ever look at the avalanche of evidence against vaccinations? So-called 'Muslim' doctors may not feign ignorance of the existence of the avalanche of evidence which has thoroughly exploded the myth of vaccination. Vaccination is the devil's medicine! Intelligent people are not fooled with vaccine tricks.

A true Muslim will never believe that *Shifa* (cure) is in a vaccine (which is nothing but poison and filth which is obviously Haraam) and forget the irrefutable fact that Allah Azza Wa Jal has not ordained the shifa of His Ummah in filth – in najaasat – and substances which He has made Haraam, and which are abhorrent to Imaan. The very ingredients of vaccination, which is the devil’s potion and the devil’s plot to decimate mankind, are repugnant and repulsive for Muslims.

The Covid-19 atheists are not our lords. A Muslim’s belief is in Allah. Sickness, disease, life and death of the minutest particle, even that of an atom, are fully, fully in the control of Allah Azza Wa Jal. He declares in the Qur’aan Majeed:

“By Him are the Keys of the Ghaib. He knows what is in the ocean and in the land. Not a leaf drops (from a tree), but He is aware. There is not a seed in the darkness of the earth nor anything moist nor anything dry, but it is recorded in a Clear Kitaab (By Allah Azza Wa Jal).”

The idea that lives can be saved, i.e. Maut can be prolonged with Shaytaani vaccination, is *kufr*. It militates against the Qur’aan which states: *“No person will die except with the permission of Allah at the appointed time.”*

The acquisition of the material ways, means and agencies is permissible **ONLY** within the confines of Allah’s Shariah. Thousands and thousands of pages of argument and proof have been published by western medical experts, which conclusively prove the satanism and irreparable damage which the filth and poison called vaccines, cause to the human being. It is **HARAAM** to inject najaasat – filth and poison – and other haraam substances such as pork, etc., into our bodies with the belief that such haraam najaasat will protect us against a disease which Allah Ta’ala ordains and decrees for us. It is Waajib to abstain from the *rijs* called vaccines.

VACCINATION IS HARAAM!!!
